A low cost per lead can fool you.

Swipe for the breakdown →

01

Cost per lead: what it costs to get one enquiry

02

Quality lead rate: how many leads are a real fit

03

Closing rate: how many of those good leads buy

04

Cost per sale: total ad spend divided by the number of sales

“

Track where every lead came from, all the way to the sale. Then you know which ads make money.

Which number do you use to judge your ads?
