What do I build? A system that connects your ads, leads and sales. So nothing slips through.

Swipe for the breakdown →

01

Meta Ads and TikTok Ads management, with planned tests of different ads

02

A lead tracker or simple CRM, with status and source

03

Follow-up reminders, so every lead has a next step

04

A weekly dashboard showing leads, sales and cost per sale

05

AI workflows for content, customer replies and reports

“

Best for businesses that already get leads but want a cleaner flow.

Where do your leads leak the most?
