Follow-up reminders shouldn't depend on anyone's memory.

Swipe for the breakdown →

01

Rows change color when a follow-up is due

02

A view that only shows the leads to contact today

03

A follow-up count for each lead, so you know when to stop

04

A daily summary sent by email or shown on a dashboard

“

The best auto rule removes a small decision you make every day.

How does your team remember follow-ups?
