What can I actually build for a business? A system that connects your ads, your leads and your sales, so nothing slips through.

Swipe for the breakdown →

01

Meta Ads and TikTok Ads management, with planned tests of different ads

02

A lead tracker or simple CRM with a clear status and the source of every lead

03

Follow-up reminders, so every lead has a next step

04

A weekly dashboard showing leads, sales and cost per sale

05

AI workflows for content, customer replies and reports

“

Best for businesses that already get leads but want a cleaner flow.

Where do your leads leak the most?
